# Geology and Coastal Erosion

Why not join us on a walk to explore the effects that erosion and the geological structure of the Isle of Wight has had on the coastline, and the fossils we can find.

Meet at the Blackgang Viewpoint Car Park for an introduction, before travelling to Brook Bay to explore ancient landscapes, cliff-falls and dinosaur footprints. Cars will be needed to travel between Blackgang and Brook Bay. (Total time up to 3 hours)

Adults: £5, children (ages 3-15) £4  
Family 1 (2+2) £16.50,  
Family 2 (2+3) £19.50, Concession £4

Meeting Point Grid Reference SZ 491 767, nearest Postcode PO38 2JB

Contact Dinosaur Isle Museum to book a place. Tel: (01983) 404344
